

Mesith Bopage

A Computer Science
Undergraduate

Profile

I am a Computer Science undergraduate student at Informatics Institute of Technology. I'm passionate about Software Engineering, with strong interest in Full Stack web development and QA Engineering industries. Seeking opportunities to apply knowledge and gain more practical industry experience.

Education

BSC (Hons) Computer Science

Informatics Institute of Technology, Srilanka

Affiliated University- University of Westminster, UK

Year 2023 - Present

Thurstan College

Colombo 07

GCE A/L- B,C,S

GCE O/L- A3, B1, C4

Project Experience

Software Development Group Project (SDGP)

- Actively participating in a SDGP team project to develop a practical software solution. Contributing to planning, coding and testing while gaining hands on experience with collaborative development and modern tools.

Personal Web Development Project

- Built a personal portfolio website to showcase projects and skills using HTML5, CSS3 and JavaScript. Designed a responsive layout to ensure it works well on both desktop and mobile devices.
